## ABOUT ME

Jeferson Borrás lives in Manila, Philippines. He has been one of the scholars in his city and also a dean's lister associated with the Technological Institute of the Philippines. The creation of websites, as well as programming and reading books, are a few of his favorite things to do in his spare time. In addition to that, he works as a freelance web developer and part time trades cryptocurrencies on the side. His favorite things to do include building new websites and developing layouts that are responsive to all devices. He is knowledgeable in HTML, CSS, JavaScript, and PHP MySQL, as well as current libraries and frameworks. Excellent at finding solutions to technical and analytical problems while maintaining a level head and concentrating intently.
